

DiabetEX

DIABETEX

Launching scientific meeting

26 SEPT 2025

PROGRAM

8:30–9:00	Welcome and registration
9:00–9:15	Introduction – by Nicolas Venteclef (coordinator of DiabetEx)
SESSION 1	Chair – Sylvaine You
9:15–9:40	<i>Innate Immune cells and microbiota in type 1 diabetes</i> Agnès Lehuen & Jeanne Navarre
9:40–10:00	<i>Diabetes immunity and metabolism</i> Nicolas Venteclef & Elise Dalmas
10:05–10:30	<i>Pseudoislets killing assay by CD8 T Cells : characterization of the inflammatory aftermaths</i> Sylvaine You & Masaya Oshima
10:35–10:55	<i>Dendritic cells and intracellular Toll-like receptor in type II diabetes</i> Bénédicte Manoury
11:00–11:30	Coffee break
SESSION 2	Chair – Maude Le Gall
11:30–11:55	<i>Inter-organ dialogue for the control of glycemia</i> Céline Cruciani-Guglielmacci & Ilyès Raho
12:00–12:25	<i>Inducing beta cell regeneration to treat type 2 diabetes</i> Jamileh Movassat & Romane Bertrand
12:25–12:45	<i>Plasticité des muqueuses gastro-intestinales dans les pathologies nutritionnelles et après chirurgie</i> Maude Le Gall
12:45–2:00	Lunch break
SESSION 3	Chair – Catherine Postic
2:00–2:25	<i>Relationships between protein O-GlcNAcylation oxidative stress and inflammatory processes in macrophages</i> Catherine Postic & Stéphanie Carvalho
2:30–2:50	<i>AMPK and AMPK-related kinases : therapeutic nodes for blood glucose regulation</i> Benoît Viollet
2:55–3:20	<i>GPCRs in diabetes</i> Ralf Jockers & Shuangyu Lian
3:20–3:40	<i>Mechanisms and therapeutic strategies of chronic kidney disease</i> Fabiola Terzi
3:40–4:00	Coffee break
SESSION 4	Chair – Jean-Pierre Riveline
4:00–4:20	<i>Rétine diabétique: la face cachée de l'iceberg</i> Francine Béhar-Cohen, Elsa Kermorvant, Marianne Berdugo
4:25–4:50	<i>The SFDTI cohort</i> Emmanuel Cosson & Jean-Pierre Riveline
4:55–5:15	<i>Nuclear nutrient signaling for transcriptional adaptation to fasting</i> Nate Henneman
5:20–5:45	<i>Biocapteurs et surfaces intelligentes</i> Vincent Noël

Registration before Sept 18

[Sandra Guilmeau](#), [Maude Le Gall](#), [Maëlys Loh](#)

Institut Necker Enfants Malades
Amphi 3
156-160 rue de Vaugirard
75015 Paris
